CENSUS 2020

The 2020 Census is approaching and it is important for us to help prepare and educate our community on the importance of the Census. By having a higher population level, it opens up more doors for new potential retail, commercial and manufacturing businesses that require a certain threshold to move into a new town. Every year, around \$675 billion dollars in federal funding go to hospitals, fire departments, schools, roads, and other resources based on census data. Our Community deserves to be seen and counted, our future begins here! For more detailed information on the 2020 Census visit the official website at www.2020census.gov

Holiday Hours

The Lovington Economic Development will be open on November 27th, 2019 for half a day from 9AM—1PM. The Offices will be closed on November 28th and the 29th.
